**Out of Field Elem. Ed.

Florida Law requires each school to notify parents of all the students in a class that is being served by a teacher who is assigned teaching duties dealing with subject matter that is outside the field in which the teacher is certified. This roster lists all the contracted teachers at our school, their position titles, and a notation of any out-of-field assignments. If you see a notation by your child's teacher's name that he/she is teaching out-of-field, be assured that Florida law requires him/her to be working toward in-field certification and the district monitors progress toward compliance. Teachers marked out-of-field in academic areas are working toward certification in the subject area being taught. Teachers marked out-of-field in ESOL are working toward a special endorsement (English to Speakers of Other Languages) that is required to teach Limited English Proficient students.
