*Out of Field ESOL

**Out of Field Reading

Florida Law requires schools to notify parents when a teacher is assigned to teach a subject outside of the area in which the teacher is currently certified. This roster includes all of the contracted teachers at our school, their position titles, and a notation of any out-of-field assignments. If you see a notation by your child's teacher's name, be assured that Florida law requires the teacher to be working toward in-field certification and the district monitors progress toward compliance. Teachers listed as out-of-field in academic areas are working toward certification or an endorsement in the subject they are teaching. Teachers listed as out-of-field in ESOL are working toward the English for Speakers of Other Languages (ESOL) endorsement required to teach students who are learning English.
